

# Stephen L. Young, Ph.D., CPE

## Senior Consultant

Dr. Young is a Senior Consultant whose professional experience includes warnings design and evaluation, product and occupational safety assessment, visual perception, and driver performance. He has served as Chair for the Human Factors and Ergonomics Society's Safety Technical Group and on the ANSI Committee Z535 on warning signs, labels, symbols, tags and colors. He is a member of the ANSI Z535.6 Subcommittee on Product Safety Information in Product Manuals, Instructions, and Other Collateral Materials. He has authored numerous publications and served as guest lecturer at Harvard University and the University of Michigan on topics related to warnings, hazard communications, risk perception, and truck driver fatigue. Dr. Young has served as a reviewer for various journals including Ergonomics and the Journal of Safety Research.

## Company Overview

Applied Safety and Ergonomics, Inc. provides a wide range of consulting services related to human factors engineering/ergonomics, product and occupational safety, and warnings and instructions, including:

- Warnings design, evaluation, and research
- Human factors engineering, ergonomics, and usability
- Consumer and recreational product safety
- Industrial, construction, and occupational safety
